Conference Objectives:

Through attending MASN's Fall 2010, as a school nurse you will be able to:

1. Describe the leadership roles of a school nurse and the connection to school nurse competency.
2. Describe current trends in medical management of pediatric epilepsy in the school aged child.
3. Describe signs and symptoms and medical management of a concussion.
4. Identify common visual defects that impact educational learning.
5. Identify late effects of chemotherapy resulting in potential barriers to learning.
